PROPOSAL UPDATE: JEN Journal of Research and Practice
President Elect Todd Stoll reported about partnering with Indiana Press to publish a Journal of Research and Practice that former board member/Research chair Monika Herzig proposed this past summer.

- Discussion ensued on the value of the publication to membership. The mission of the JEN journal of Research and Practice explores diverse topics of jazz scholarship and applications to pedagogy. The journal provides a peer-reviewed forum for information exchange between theory and practice. The journal aims to be inclusive of a wide range of perspectives geared towards the teaching and learning of the art form jazz and its applications to the field.

MOTION: Diane Chandler-Marshall moved that we move forward with the JEN/Indiana Press collaboration to produce a JEN Journal of Research and Practice with an initial expenditure of $3500. Greg Yasinitsky seconded it. Motion passed.

PROPOSAL:
Martin Norgaard, Ph. D of Georgia State University requested collaboration for a project with National Science Foundation about study of the effects of improvisation instruction on executive function of middle school band students. He is asking that we assist in distributing it.

- MJ Papich moved that we say “yes” to collaborating with Martin Norgaard’s project with National Science Foundation. Ashley Shankerbah seconded it.
- Discussion ensued. It was suggested to ask for an administrative cost. Sharon will inquire.
- Motion passed.
